

# Franklin 4-Station Booth

## Test it out for one month on us.

The Franklin Four Station Booth from Inclusion Solutions/PakFlatt has revolutionized the industry. As a four station booth the Franklin minimizes your storage requirements; as a “universal design” booth (serving voters with and without disabilities) it saves you money and is often eligible for HAVA grants.

We would like you to judge The Franklin with your own eyes by examining a sample booth in the privacy of your office, to share with your staff, voters, and even disability advocates.
